

Nutsedge

SedgeHammer is one of the only selective herbicide that will kill nutsedge in turf grass or landscaped beds.

Bring in your baskets from last season

WE CAN REPLANT THEM

Delivery available

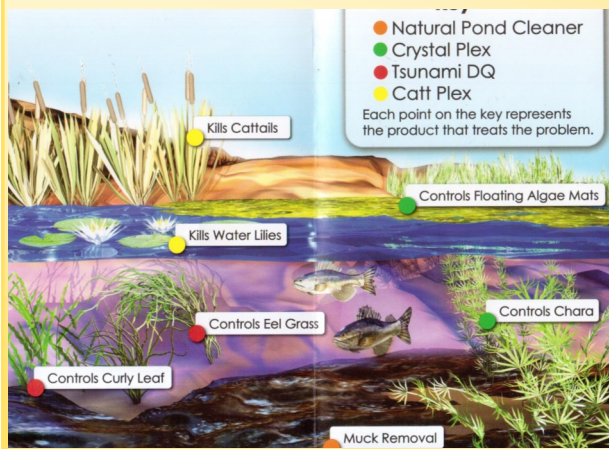

Caladiums and Vinca!

Caladiums and Vinca are now available!!

A Fungicide is crucial for seasonal color success!!

NELSON COLOR STAR is a fertilizer and fungicide in one. Apply to the ground before planting your seasonal color. A fungicide suppresses and controls soil borne funguses that cause root rot.

Plant Tech now carries Crystal Blue Pond Care

Treat and enhance the color of your ponds. These products are safe on your fish and wildlife.

Kill Duckweed, Muck, Algae, Lilies, grasses, & Cattails
